## Data Quality Report Template

| Data Source | Data Quality Issue | Severity | Resolution Plan |
|---|---|---|---|
| Customer Surveys | Missing responses for key questions | Moderate | Implement mandatory fields in survey tools |
| Government Data | Incomplete demographic data | High | Lobby for improved data collection in census surveys |
| Market Research | Outdated demographic information | Low | Update surveys and data collection methods |

The Data Quality Report Template will summarize the data types of each column, and count of unique values,non-null and null entries.and Descriptive statistics.It provides an essential overview of data quality metrics for a given DataFrame.
